PROFILE

A determined and creative professional who is looking to move into an Apprenticeship/Junior role as a Software Developer. Core skills are in front end development and studying this area further in-depth with a strong interest in studying back end technologies. Having recently completed a Software Development bootcamp, I feel that I am prepared to begin my career in this field.

SKILLS

`HTML`   `CSS`   `JavaScript`   `Git`

EDUCATION

Tech Talent Accelerator, Generation   12/2021 – 01/2022
This was a programme provided by Generation UK where the focus is on allowing the trainee to develop their technical and soft skills through hands on experience. I improved my skills in HTML, CSS and JavaScript as well as studying in an environment which was set up to simulate a workplace using Agile methodologies.

BTEC Level 3 Extended Diploma in Business, Westminster Kingsway College   09/2017 – 07/2019
Triple Distinction grade in the Finance Pathway.

Holloway School   09/2011 – 06/2016
9 GCSEs A* - C including Maths, ICT, Science and English.

PROFESSIONAL EXPERIENCE

External Auditor, RSM UK   07/2020 – 07/2021
Carried out detailed reviews of company's financial records and statements to form an opinion on whether the financial statements provided are true and fair.

Finance Assistant, Islington Council   07/2019 – 07/2020
Primarily completed bank reconciliations as well as analysis of VAT invoices. Operated as the main support to the Finance department and presented reports to senior colleagues regularly.

Sales Assistant/Cashier, Primark UK   11/2017 – 03/2018
Delivered exceptional service to customers in an extremely busy environment. Worked successfully with colleagues and developed visual merchandising skills.

INTERESTS

Enjoy reading books about self-development and history. I also enjoy playing/watching football and basketball.
